Nodes Wall

GENERATION LIGHTING

Wall

GENERAL PRODUCT INFORMATION:

These fixtures are intended to be installed utilizing NEC compliant junction boxes.
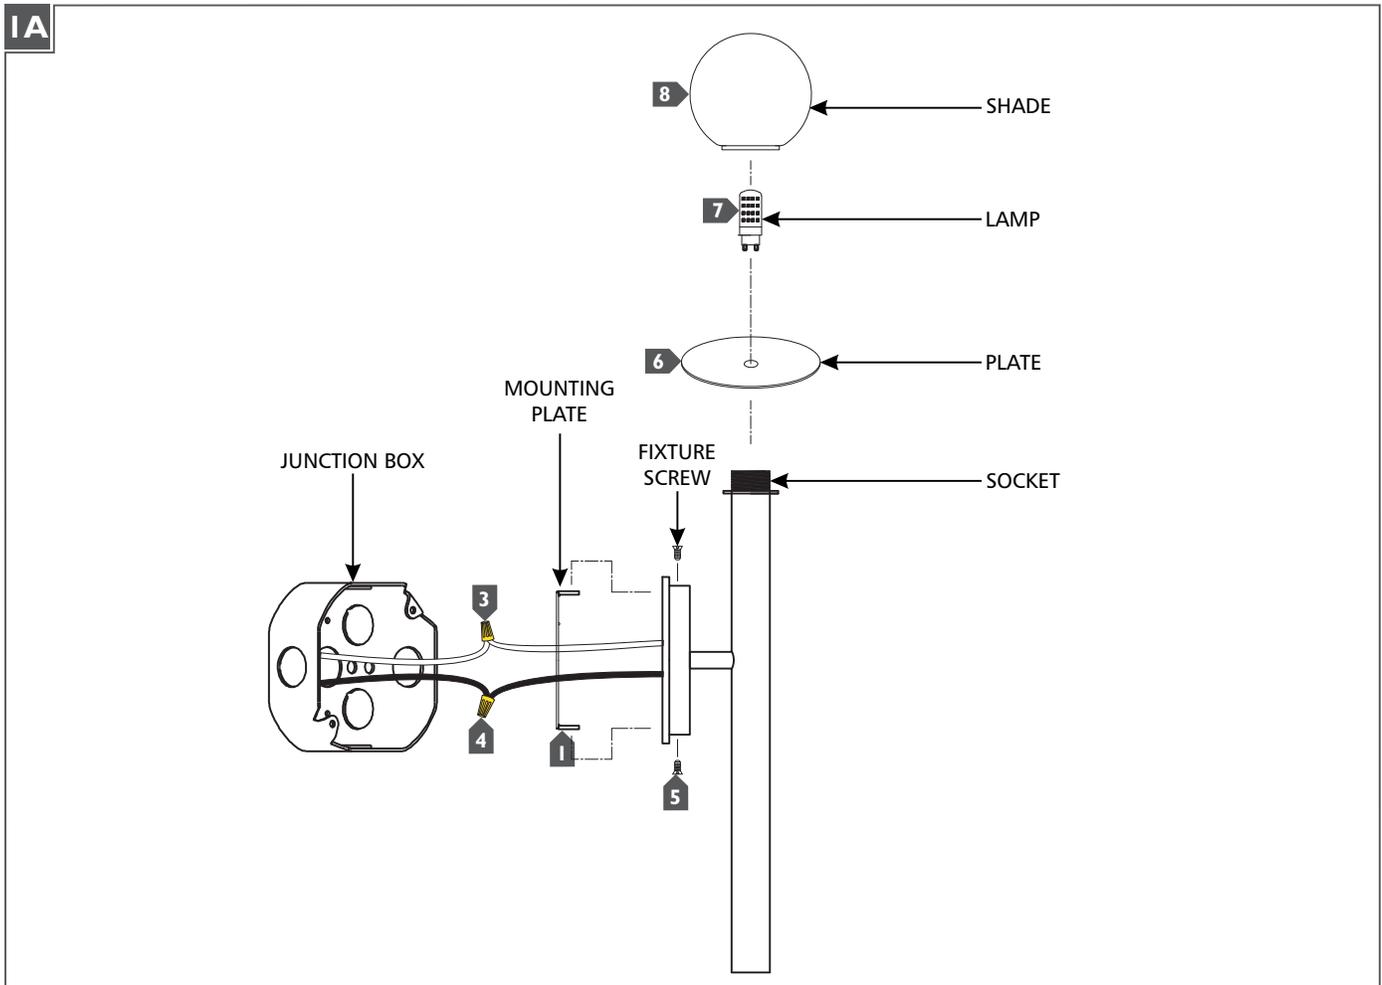

This product is safety listed for damp locations.

Incandescent lamps may be dimmed with a standard incandescent dimmer. LED lamps may be dimmed with a LED dimmer. Consult lamp manufacturer for additional information.

CAUTION - RISK OF FIRE
This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Use minimum 90°c supply conductors.

1   Secure the mounting plate to the junction box.

2   Connect the fixture ground wire to a suitable ground in accordance to local electrical codes.

3   Connect the white fixture wire to the neutral power line wire with a wire nut.

4   Connect the black fixture wire to the hot power line wire with a wire nut.

5   Mount the fixture onto the mounting plate and secure it in place with the fixture screws.

6   Screw the plate onto the socket.

7   Install the lamps by pushing the lamp pins completely into the socket holes. Refer to the label on the socket for Max Wattage Information.

8   Install the shade by screwing it onto the socket.
